

CLEANING & CARE INSTRUCTIONS FOR VISIONTEX™ MESH

Visiontex™ is a PVC coated high tensile polyester mesh designed for all outdoor applications. It's high UV and water resistant characteristics make it the ideal outdoor fabric for all weather applications. Fire rated and abrasion resistant Visiontex™ offers great shading solutions without restricting airflow or cross ventilation and comes with a five year performance warranty.

To obtain maximum life from Visiontex™ mesh, the following tips should be observed:

- Keep the fabric clean by brushing regularly both sides of the fabric using a soft-bristle brush and hosing occasionally with clear and cold water.
- Do not apply detergents, cleaning fluids, soaps or any types of insecticides and garden sprays.
- Do not allow foreign matter; dirt, bird droppings, tree sap etc, to remain in contact with the fabric.
- Do not allow petrochemicals or solvents to come into contact with the fabric.
- Avoid harsh scrubbing or rubbing otherwise the surface of the fabric may damage.
- Before stowing away your shade solution, ensure that the fabric is thoroughly dry.

Removing stubborn stains:

- Mix a weak concentration of household detergent (1:20 ratio) in lukewarm water. The detergent must not contain solvents.
- Apply the detergent and water mix to the fabric using a soft cloth, sponge, soft-bristle brush or soft mop. After cleaning, rinse off ALL residue with plenty of fresh clear, cold water.

Preventing the spread of mildew:

- Mix diluted chlorine bleach (1:20 ratio) in lukewarm water, then rinse off ALL residues with plenty of fresh clear, cold water.

Halifax Vogel Group takes no responsibility for the performance of any cleaning agent or potential damage caused by the use of such. These cleaning instructions are universal for PVC fabrics and are to be used as a guide only.
